5:00pm, Held virtually via Zoom

Project: **3390 Washington Street, Jamaica Plain**

Present: Commissioner Mikyoung Kim, Commissioner Kathy Kottaridis

Commissioner Mimi Love, Commissioner David Manfredi, Commissioner William Rawn

DISCUSSION:

The Project team used a digital presentation to the project updates and answered questions from the BCDC Commissioners present. The Commissioners asked about the main entrance to the site, the signage and wayfinding efforts, and the urban wild access. Commissions wanted to know will there be further plans to work with Pine Street and ways Eversource's transformers could be contained/hidden from the future residence, along with what treatments can be made to the proposed restaurant addition and central garage façade.

The Project will continue in Design Committee.
